

PRODUCT DATA

EMI.1089

SELF WOUND ALUMINUM FOIL TAPE

DESCRIPTION: A 3 mil, high strength aluminum foil coated with an aggressive, high performance acrylic adhesive system. The foil conforms well to both fibrous and sheet metal ducts, providing an excellent vapor seal. Conforms well around corners and irregular surfaces. The acrylic adhesive system combines superior quick stick properties with superior performance over a wide temperature range.

APPLICATION IDEAS: Primarily used for vapor sealing fiberglass ductboard, sheet metal ducts, and FSK systems. Maskant in electroplating of aluminum, will not contaminate the bath. Excellent reflection of both heat and light.

TECHNICAL DATA

BACKING	3.0 mm Aluminum foil
ADHESION Peel (PSTC-1)	75 oz./in. width
TENSILE	29 lbs./in. width
ELONGATION	5 %
TEMPERATURE RESISTANCE:	-20 to 250 Deg. F
MINIMUM APPLICATION TEMPERATURE	-10 Deg. F

TEST METHODS:

All test procedures used are in accordance with ASTM and PSTC methods.

Technical Information

The technical information, recommendations and other statements contained in this document are based upon tests or experience that Engineered Materials believes are reliable, but the accuracy or completeness of such information is not guaranteed.

Product Use

Many factors beyond Engineered Materials control and uniquely within user's knowledge and control can affect the use and performance of an Engineered Materials product in an application. Given the variety of factors that can affect the use and performance of an Engineered Materials product, user is solely responsible for evaluating the product and determining whether it is fit for a particular purpose and suitable for user's method of application.

Limited Remedy

Engineered Materials warrants for 12 months from the date of shipment that the product Engineered Materials produced, will be free of defects in material and manufacture. Engineered Materials MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. This limited warranty does not cover damage resulting from the use or inability to use Engineered Materials product due to misuse, workmanship in application, or application or storage not in accordance with Engineered Materials recommended procedures. If the Engineered Materials product is proved to be defective within the warranty period stated above, THE EXCLUSIVE REMEDY, AT Engineered Materials OPTION, SHALL BE TO REFUND THE PURCHASE PRICE OF OR TO REPAIR OR REPLACE THE DEFECTIVE product. Engineered Materials shall not otherwise be liable for loss or damages, whether direct, indirect, special, incidental, or consequential, regardless of the legal theory asserted, including negligence, warranty, or strict liability.
